Questions catalogue for the knowledge test on Unmanned Aircraft Systems (UAS)

Guidance Material

Foreword

This guidance material is of an educational character aimed at preparing candidates undergoing theoretical knowledge test for operating Unmanned Aircraft Systems (UAS).

On 15 March 2017 the Civil Aviation Authority of the Republic of Kosovo has published Regulation No. 01/2017 on Unmanned Aircraft Systems (UAS). Based on this Regulation the owner or operator of Category 3 and 4 of UAS shall be at least 16 years old, medically fit and having passed a knowledge test in the subjects of the present Regulation.

The candidate shall submit a written request to the CAA to take the knowledge test on Regulation No. 01/2017, and pay a fee of 25 € for Category 3 and a fee of 50 € for Category 4 UAS.

Knowledge test shall contain various questions and it will be conducted in CAA premises. The candidate has successfully passed the knowledge test if correctly answered at least 75% of the questions correctly.

If a candidate does not pass the knowledge test, he/she may apply for re-testing but not before 30 days after the last knowledge test.

A candidate who has successfully passed the knowledge test will be issued an appropriate certificate by the CAA for an indefinite period.

This material has been prepared by the CAA as a guidance material for regulating specific aviation activities in this field.

List of Questions

1. Which Unmanned Aircraft Systems (UAS) are not regulated with the Regulation No. 01/2017?
2. Which Unmanned Aircraft Systems (UAS) are excluded from the provisions of the Regulation No. 01/2017 based on the Chicago Convention of 1944 and the Law No. 03/L-051 on Civil Aviation?
3. What does the "CAA" abbreviation mean?
4. What does the "Aircraft" abbreviation mean?
5. What does the "PIA - Adem Jashari" mean?
6. What does the ATC permission specify?
7. Operations beyond visual line-of-sight means?
8. What is controlled airspace?
9. What does UAS Flying Area mean?
10. Visual line-of-sight means?
11. Activities with UAS are divided into how many categories?
12. Please describe category 2 operations with UAS?
13. UAS with an operating weight from 20kg up to 150 kg, falls into category?
14. UAS Flying Area are divided into how many classes?
15. Please describe category I UAS Flying Area?
16. Please describe category II UAS Flying Area?
17. Please describe category III UAS Flying Area?
18. Please describe category IV UAS Flying Area?
19. Should the owner/operator maintain direct visual line-of-sight means with UAS?
20. Should the UAS be maintained before the operations?
21. What is the responsibility of the owner/operator before operating with UAS?

22. Can you transport goods and passengers with UAS?
23. Is the collection and storage of images of governmental buildings allowed with UAS?
24. Which is the role of the Kosovo Police and KFOR in enforcing the Regulation No. 01/2017?
25. Do you need CAA approval to operate with an UAS?
26. How long is the CAA approval valid for?
27. The owner or operator of UAS shall submit a request to the Aeronautical Information Service (AIS) for operating with UAS at least?
28. The owner or operator of UAS shall not operate the UAS at a minimum radius of how many kilometres clear of Prishtina International Airport?
29. Which is the minimum operating distance with an UAS from NATO military camps?
30. Can you operate with UAS at night?
31. What is the minimum operating distance with UAS above gatherings of people?
32. What is the maximum operating height with UAS above ground level?
33. Should you register your UAS?
34. Should the UAS operator have liability insurance contract for damages caused to the third parties?
35. What is the percentage (%) of correct answers needed to successfully pass the knowledge test?
36. If a candidate does not pass the knowledge test, he/she may apply for re-testing after how many days?
37. Which Law specifies the punitive measures for violating the provisions of the Regulation No. 01/2017?
