AIP SUP
01/2022

Effective date: 18 Jul 2022

Subject

Restrictions of use of BKPR AD, due to the construction on taxiways A3, A2, A1, C, E.

Introduction

Construction of taxiway shoulders is in progress.

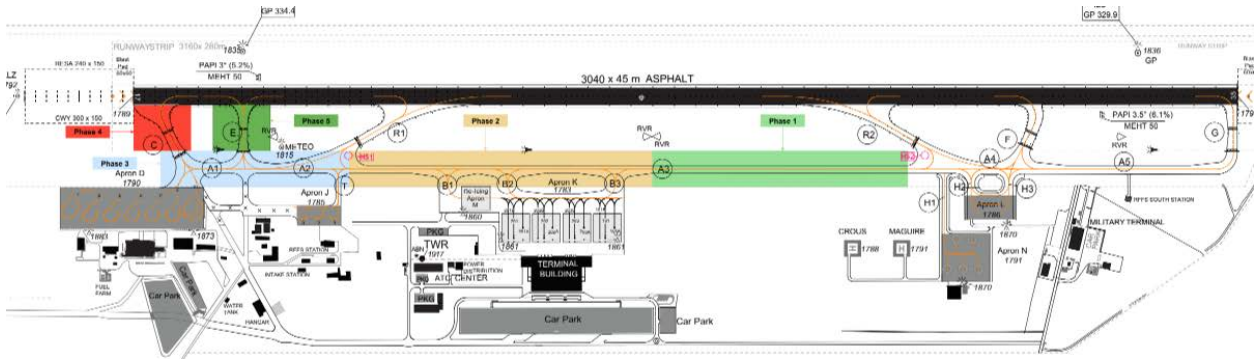

The works are due to complete in December 2023.

Operational changes

The operational changes will take place during the work phase only. From the post-work phase, the taxiway's regular operational use will become effective.

-Appendix-

-Description of Works- BKPR

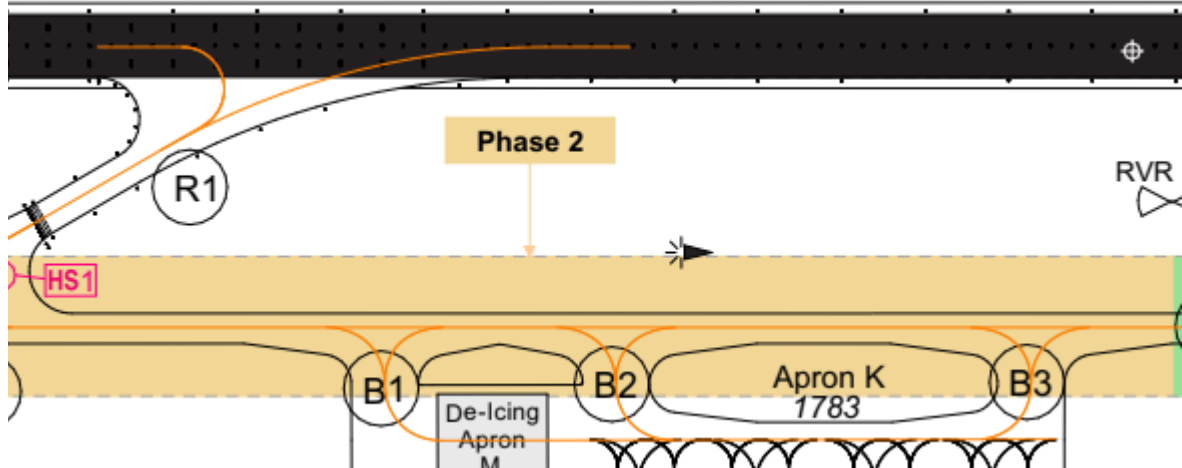

This SUP AIP describes the location of the closed areas in 5 work phases, which will be activated by NOTAM.

Works' description	
Phase 1	Construction will start with the southern part of taxiway A3 (respectively from intersection B3-A3 to intersection R2-A3). During the construction this part will be closed for aircraft traffic.
<i>The date and time of activation of phase 1 will be announced by NOTAM.</i>	

Works' description

Phase 2

Northern part of taxiway A3 will follow the first part will be completed (this phase will include the intersections of TWY A3 with TWYs B1, B2, B3- east part). Periodical closure will be applied.

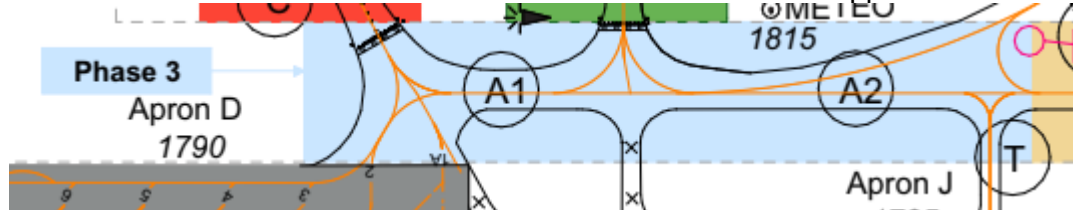

The date and time of activation of phase 2 will be announced by NOTAM.

Works' description

Phase 3

Construction will continue TWY A2 and A1. Periodical closure will be applied.

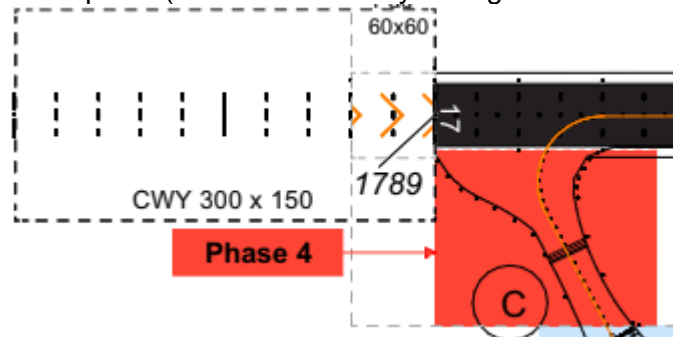

The date and time of activation of phase 3 will be announced by NOTAM.

Works' description

Phase 4

Works on TWY C will take place (Closure of taxiway during the construction works).

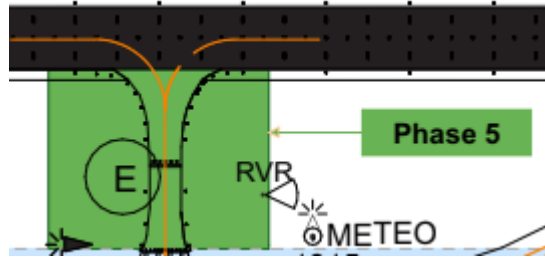

The date and time of activation of phase 4 will be announced by NOTAM.

Works' description

Phase 5

Works on TWY E will take place (Closure of taxiway during the construction works)

The date and time of activation of phase 5 will be announced by NOTAM.
