**Work in progress for the strengthening of the Runway strip**

**Subject**

Restrictions of use of BKPR AD, due to the construction on runway strip.

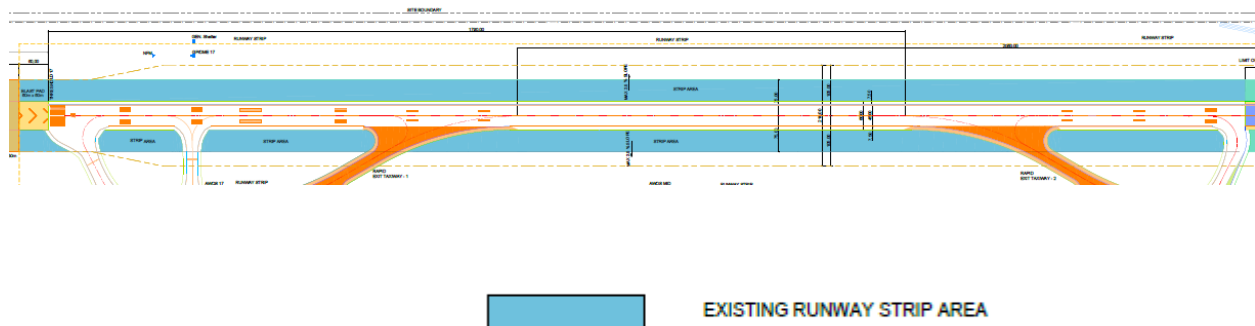

**Introduction**

Construction of runway strip is in progress.

The works are due to complete in June 2024.

**Operational changes**

The operational changes will take place during the work phase only. From the post-work phase, the runway's regular operational use will become effective.

This SUP AIP describes the information about the project.

**Works' description**

The work in progress for the strengthening of the Runway strip. Works will cover both sides of the runway, from the Blast pad of RWY 17 to TWY F. This project will cover 210.000 m2 which is expected to be completed in 210 working days, with possible extension depending on the weather conditions.

Description of works: Excavation, backfilling and compacting.

Periodical closure will be applied.

*The date and time of activation of each closure will be announced by NOTAM.*
